Headline:
Some rain arriving in north but still fine for many.

This Evening and Tonight:
Quickly turning chilly this evening and then another cold night with long clear periods and a touch of frost. Northern Scotland turning cloudier though with rain here by dawn.

Monday:
Cloud and rain, heavy at times, over northern Scotland moving south and reaching parts of Northern Ireland and the far north of England later. Further south, fine and dry again.

Outlook for Tuesday to Thursday:
Cloud and rain moving steadily south through Tuesday, with sunny spells and showers following for Wednesday and Thursday. Rather cold with mainly light winds, and increasingly widespread overnight frost.
